NEGOTIATION and INFLUENCING SKILLS

by

Ir. Hendrik Silitonga, CITD

Introduction

In today's competitive global economy, negotiations may involve intense interactions in resolving a series of complex issues that affect multiple parties. Whether selling a product, allocating resources for a project, or making decisions, negotiation is an important skill that all employees need.

To achieve win-win results, negotiators need highly developed skills and strategies to guide them through the intensive preparation and execution. Your ability to negotiate and influence others will decide whether you will get what you want and settle for what the other side will give you.

In this hands-on, hard-hitting course, participants will learn how to strengthen their negotiation and influencing skills through games, role-plays, and classroom exercises. Participants will receive feedback from the instructor that will help improve their ability to influence and negotiate effectively.
