EFFECTIVE LEADERSHIP SKILLS

Facilitator

Ir. Hendrik Silitonga, CITD

INTRODUCTION

Today's managers face an increasingly challenging environment created by increased competition, rapid changes, and technological innovation. To navigate successfully in this environment, good leaders are needed. Leadership is one of the most important skills companies need. A good leader is one who can get positive results by setting direction and generate actions.

This Effective Leadership Skill course has been designed to enhance your leadership effectiveness. In this course, you will have the opportunity to discover your leadership potential and to develop it fully.

Here are the benefits you'll get at the end of the course:

- Know your leadership strength and potential
- Understand your roles as a leader
- Able to communicate direction and generate actions
- Generate positive results through people
- Able to lead, supervise and motivate others
- Develop effective teamwork
- Take positive steps to further develop and apply your leadership ability
- Finally, become a better leader by being a leader

“If you are planning for one year, grow rice. If you are planning for 10 years, grow trees. If you plan to compete and win in the 21st century, grow leaders.”
