

An LDI Training 2-Day Workshop

CORPORATE SUSTAINABILITY & EXECUTIVE

Fundamentals of ESG & Sustainable Business Transformation

*Integrating Environmental Stewardship, Social
Responsibility, and Ethical Governance Frameworks for
All Industry Professionals*

Lead Instructor: Dr. Ir. Amelia Naim Indrajaya, MBA

Director of SDG Center IPMI Institute

DESCRIPTION / INTRODUCTION

As global regulatory pressure, investor ESG scrutinizes, and international sustainability frameworks intensify, corporate action on Environmental, Social, and Governance (ESG) principles has shifted from voluntary compliance to a core strategic imperative. For organizations across all sectors, understanding sustainability risks, societal expectations, and ethical governance is now essential for maintaining a social license to operate, mitigating operational risks, and driving long-term value creation.

This 2-Day Intensive Masterclass on **Fundamentals of ESG & Sustainable Business Transformation** equips corporate employees, team leads, executives, and sustainability officers with foundational ESG concepts and practical implementation tools. Designed for a universal corporate audience, participants will explore material sustainability issues, human capital management, corporate integrity, and global disclosure standards required to align day-to-day business strategy with sustainable development goals.

WHAT YOU WILL LEARN

By completing this 2-day executive workshop, participants will be able to:

- **ESG Principles:** Understand the fundamentals of Environmental, Social, and Governance pillars, distinguishing modern ESG integration from traditional CSR.
- **Environmental Responsibility:** Analyze corporate carbon footprints, resource management, circular economy models, and climate risk mitigation strategies.
- **Social & Human Capital:** Master strategies for Diversity, Equity & Inclusion (DEI), labor rights, occupational health and safety, and community engagement.
- **Governance & Integrity:** Align organizational operations with robust ethical leadership, anti-corruption policies, data privacy, and whistleblower frameworks.
- **Global Standards:** Align reporting with frameworks like GRI and the UN Sustainable Development Goals (SDGs).
- **Actionable Roadmap:** Formulate team-level and organizational ESG action plans to foster a culture of sustainability across daily operations.

COURSE OUTLINE

SCHEDULE	MODULES & KEY LEARNING FOCUS
Day 1: Morning <i>(09:00 - 12:00)</i> Foundations & Environmental Strategy	Module 1: ESG Fundamentals & The Environmental Pillar • Introduction to ESG vs. CSR, core drivers, and business resilience case. • Climate change basics, carbon accounting (Scope 1, 2, & 3), and energy management.
